

*Spend less time struggling . . .*

*. . . to draw proportional figures and more time designing gorgeous looks. This sketchpad offers the blueprints to design the wardrobe of your dreams. It includes:*

- 420 figure templates (or *croquis* as they're called in the biz)
- 20 different fashion-forward poses
- Heavy-stock pages with perforated edges for easy removal
- An extensive illustrated garment encyclopedia
- A handy recommended reading section offering professional guidance

*Best of all,* the templates disappear when scanned or photocopied, so you'll never need to fuss with a light box or tracing paper.

*Tamar Daniel* is an award-winning fashion designer who has worked for TopShop and Anthropologie. Frustrated by the lack of tools for designers, she developed this product to make designing accessible to people of all skill levels. Tamar lives in Pennsylvania.
